

EDUCATION DEALT A VICIOUS BLOW

School System Victim of Legislation Unmindful of Its Welfare.

SOUND ARGUMENT NO AVAIL

Senator McCreary Made a Good Fight for East Florida Seminary—All the Amendments Prove No Impediment to Passage of Bill.

Special to The Daily Sun.

Tallahassee, May 26—7:10 p. m.—The Buckman bill, with amendments by President Trammell, came up at its appointed hour. All the amendments by the President were voted down. Senator McCreary in an earnest appeal moved an amendment to have the East Florida Seminary excluded from the bill, and ably put forth his argument. His amendment was defeated. At 7:10 o'clock tonight the bill is on its third reading and is absolutely certain of passage.

Senator McCreary's Good Fight.
Special to The Daily Sun.

Tallahassee, May 26—7:20 p. m.—All the amendments to the Buckman bill voted down. Senator McCreary made a strong speech and a good fight for the Seminary, but lost. The Buckman bill will pass.

MISS TEBEAU'S SCHOOL.

Closed a Most Successful Term Friday—Awarding of Medals.

After a most successful term, Miss Tebeau's school has closed its thirty-first consecutive year. The term just closed was one of the most gloriously beneficial ever known in the history of the school, for which the principal and her worthy assistant, Miss Alice Thomas, is deserving of a great deal of credit. In point of numbers the term was also a big success, fifty-seven pupils having been enrolled.

The term was closed without the usual literary exercises, the entire time having been taken up in examinations. The only exercises beyond this were on Friday morning, when Miss Tebeau personally delivered the medals and prizes to the pupils winning them. She took occasion at this time to congratulate the pupils upon their excellent deportment and efficiency, and her remarks were highly appreciated.

There were two handsome medals, one of which was delivered to Hazel Pournell and the other to Jessie Chesnut, and four books, distributed as follows: Mattie Andrews, Kate Clynar, Myrtle Brinson and Hugh Becker. All prizes were won by members of the primary classes.

In the advanced department Miss Islay Eddins stood first, Miss Ruby Waits second, Frazier Thomas third, Miss Alice Thomas fourth, Miss Raffle Wilson fifth, Johnnie Eddins sixth, Miss Mary Walkup seventh and Wallace Parham eighth. All made an average of more than 75.

The first requirement of Miss Tebeau's school is cheerful obedience; the second punctuality, and the third diligence. The minimum is 75 per cent in studies.

As the best recommendation of the efficiency of Miss Tebeau as a teacher, it may be mentioned as an interesting coincidence that during the term just closed there were twelve students, children of parents who attended Miss Tebeau's school in childhood.

Shot on Account of a Woman.

Wrightsville, Ga., May 26.—A negro by the name of Oliver has killed a negro by the name of Seymour Linden. It is said that Oliver had taken Linden's wife away from him and that the latter had warned the former not to come about him. Oliver disregarded the warning, and after procuring a pistol went to see Linden Monday. Words ensued, and Linden pulled a pistol and fired on Oliver, missing him. Oliver then drew his pistol and shot Linden in the head, killing him instantly.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

Next Crop's Estimate 10,500,000 Bales

New York, May 26.—The present crop outlook is such, regardless of what the agricultural bureau may make the acreage reduction on June 2, even if no more than 12 per cent as to justify an estimate of 10,500,000 bales maximum for the next crop, which now commit ourselves to.

COL. CHUBB BACK FROM WASHINGTON

Went on Important Political Errand, But Would Not Divulge.

CALLED ON THE PRESIDENT

With a Delegation of Prominent Florida Republicans, But Evaded Direct Question as to Their Business. Talks on Government Building.

Hon. Henry S. Chubb, receiver of the United States land office in this city, has returned from a visit to Washington, where he accompanied a part of the Florida Republican organization, comprising Hons. J. N. Coombs of Apalachicola, member of the National Republican Committee, J. M. Cheney of Orlando, candidate for Congress from the Second District during the last campaign, George Allen, collector of customs for the port of Key West, and M. B. MacFarland of Tampa, Republican candidate for governor.

While it is presumed that the visit was one to which was attached considerable importance, Col. Chubb was a little discreet in what he had to say regarding same. There is one thing which may be put down as a fact, and that is the gathering in the National Capital of so many distinguished Floridians—we would not intimate politicians—at the same time.

"What was the purpose of your visit to Washington at this time?" ventured the representative, as he made himself comfortable in one of the big chairs in the receiver's private office. "Did your delegation discuss political matters with the President?"

"Well," replied Col. Chubb, with an apparent desire to avoid being dragged into conversation on the subject, "my memory is a little hazy on that point. It seems to me something was mentioned on that line. I will say, however, that we are entirely satisfied on the result of our visit."

Having been unable to secure any further information in this direction, Col. Chubb was asked regarding the progress being made in the matter of the proposed public building for Gainesville.

"We all know that \$35,000 has been appropriated for this building," remarked the genial receiver, "and we shall succeed in adding sufficiently to that amount by an appropriation in the next Congress to erect an elegant building two stories high. We succeeded in getting our increased appropriation to the omnibus public building bill, which was reported favorably by the committee on public buildings and grounds in the last Congress. The work we did then will, without any serious trouble, enable us to get an amount into the omnibus bill of the next Congress. These matters are of large moment and necessarily move slowly. Senator Taliaferro and Congressman Clark are both earnestly anxious to see this extra appropriation go through and will do everything in their power in support of the measure."

Col. Chubb stated that the delegation extended the President an invitation to include several prominent cities in Florida in making his itinerary of his Southern trip in early fall, for which the President thanked them, but stated that, owing to pressing business, he feared that it would be impossible for him to go further south than Jacksonville, however delighted he would be to do so.

"The weather was delightful in Washington—cool and bracing, neither too warm nor too cold," concluded Colonel Chubb, "but of course having lived in Florida since my majority, I am entranced with the climate at all seasons and am always glad to get back home."

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and \$1.00; guaranteed. Trial bottle free.

CURED WHEN OTHERS FAILED

1056 Winnemac Avenue, CHICAGO, ILL., Oct. 25, 1902.

Wine of Cardui can always be relied upon to cure when everything else fails. It is a certain cure for female diseases in their worst forms. I suffered for years with ulceration. Intense pains in the womb and ovaries and dreadful headaches unfitted me for my work. Finally I grew so ill that I had to keep to my bed. The pains were so intense at times as to cause spasms and a disagreeable discharge drained my life forces. In my extremity after all else had failed, I tried Wine of Cardui. After using it for two weeks I began to improve so rapidly that I felt encouraged to keep up the treatment, which I did for eighteen weeks, but at the end of that time I was entirely cured. What a relief was mine and how new and beautiful life looked to me when my health was restored. Only those who have passed through such a siege of sickness as I have will understand how much I value Wine of Cardui. It is indeed a boon to sick women.

Frances Mitchell
Secretary, North Chicago Frauen Verein.

Every weak woman needs Wine of Cardui. Wine of Cardui cures disordered and painful menstruation, periodical headaches, falling of the womb and leucorrhoea. It cures extreme cases of these troubles. It strengthens girls approaching womanhood, helps bring children to barren homes, makes pregnancy and childbirth easier, prevents miscarriages and is the best medicine ever made for use during the change of life. Why permit the good women in your home to suffer another day? Every druggist has \$1.00 bottles of Wine of Cardui.
